Controls Feared

NO ACTION ON OCCA

Randall County commissioners court Monday passed up an opportunity to participate in the Federal Omnibus Crime Control Act.

Commissioners generally expressed a feeling that federal control ultimately would follow accepting of funds under provisions of the act.

Amarillo City Manager John Stiff spent more than an hour discussing the act with the court and declared that it provides for no federal control over local

police agencies.

Under questioning by Mrs. Lorene Carter, who described herself as chairman of Housewives for Local Control, Stiff denied that the act would give any authority over local officers to the US attorney general.

Stiff said all requests for participation in funds provided under the 1968 act would be screened by the Criminal Justice Council of Texas.

"Their only interest is improving law enforcement in Texas," declared Stiff. "Our law enforcement is good. We don't have any problems now but if you don't think we can have problems, you're naive."

"Down here in Canyon last week you could have had problems. Anything can be improved."

CHS Sports

Awards Given

Royalty and award winners were named Friday night at the annual Canyon High School all-sports banquet.

David Thompson and Thomas Tucker received the Fighting Heart Award.

Other awards were as follows: Pam Richardson, most valuable forward, Canyon Girl Eagles; Jenna Thompson, most valuable guard on the team; Steve Butler and Jackie Thrasher, most valuable players on the Eagle basketball team; Susan Swartzell, Football Queen; Thrasher, Girl's Basketball King; and Miss Richardson, Boy's Basketball Queen.

Stiff told the group that the county could participate in the program to any extent it wishes and could quit the program any time.

"I feel like we are getting along too well to change now," declared Commissioner Clarence Beckman.

"I think that is the feeling of the court," said Commissioner Bill Butler.

At one point Sheriff L. S. "Slim" Johnston was asked to come before the court. The sheriff was critical of parts of the report on a recent study by the Potter-Randall County Citizens Committee on crime control.

He discussed the PRCC's recommendation on a common radio station for all Potter and Randall County law enforcement agencies.

"I can't go along on that," said the sheriff. "I wouldn't want to get off the sheriff's (See ACTION Page 10)"

Pre-School Orientation Meetings Set

Pre-school orientation meetings for parents and students beginning school for the first time this fall are being planned this month by both Gene Howe and Rex Reeves Elementary Schools.

Orientation for parents at Rex Reeves Elementary School will be at 1:45 p.m. Thursday, May 8, in the school's all-purpose room with Jerry Jacobs, school superintendent, Oscar Hinger, principal, Ocoee Holt, elementary curriculum director, and Eleanor Deckard, school nurse, in charge.

Beginning students will be invited to the various classrooms for observation and to get acquainted with the school.

A similar orientation for parents and fall first grade students will be conducted at Gene Howe Elementary School on May 14 at 1:45 p.m.

Plea To City Dads On Parking Areas

BY CARROLL WILSON

A petition dealing with parking in the vicinity of West Texas State University was being circulated in Canyon this week.

The petition is directed to the city commission. It reportedly asks the commission to initiate zone parking on residential streets surrounding WTSU but not to prohibit parking on 4th Avenue between 22nd and 24th Streets.

Charles Donnell, a Canyon businessman, said Tuesday he did not know how many signatures have been collected on the petitions.

He said he did not know even if the petitions would be presented to the city commission.

Donnell said the petitions are being circulated by Ray Campbell, a retired businessman.

The petitions began circulation early this week and are apparently in answer to a recent commission ordinance which will prohibit on-street parking on 23rd Street when it takes effect.

Campbell declined to release any information on the petition late Tuesday.

But, Donnell said the petition is "a signed statement pleading with the commission to try to zone parking on residential streets to three or four blocks from (WTSU) campus to keep people from over parking."

"And, it says we want to go ahead and put in the signal light at Spur 48 and at 2nd Avenue so the students can get into the campus."

ROTC Awards Slated Today

Thirty-four cadets in the West Texas State University ROTC program will be honored for their accomplishments this year as the department holds its annual award ceremony at 1 p.m. today.

The ceremony will be conducted on the north parking lot at the university.

Highlight of the activities will be the presentation by Dr. James P. Cornette, president of WTSU, of the President's Trophy to the outstanding senior ROTC student.

A Professor of Military Science Trophy will go to the outstanding junior student, the William E. Lockhart award will go to the outstanding sophomore and the Martin Allen Dickinson award will go to the outstanding senior ROTC student.

(See ROTC Page 10)

The city commission has followed a traffic plan which calls for not only the elimination of parking along 23rd Street, but the installation of painted medians along the highway and left turn signals for each signalized intersection.

"It calls for a left turn signal at 4th Avenue that doesn't require a restriction of parking between 22nd and 24th," Donnell said.

Donnell said the petition calls for 30-minute parking from 7 a.m. to 1 p.m. on all business streets which intersect 23rd Street.

He said the petition does not oppose the installation of left turn signals at 10th Avenue and 23rd Street or at any other designated intersection.

"We'd also like to see the speed limit reduced at Spur 48 from 40 miles per hour to 25 and see some pedestrian walkways put in front of the Fine Arts Building, the Fieldhouse and the Post Office to help the students get across the (See PLEA Page 10)"

PEP Meet Held Here

Some top business and agriculture leaders were in Canyon Wednesday for a Panhandle Economic Program committee meeting.

The group met in the Student Union Building ball room at West Texas State University.

Introductions were by W. W. Grisham, Jr., Amarillo, PEP coordinator and district agricultural agent with the Texas Agricultural Extension Service.

H. O. Kunkel, dean of the college of agriculture, Texas A & M University and acting director of the Texas Agricultural Experiment Station at College Station, discussed reorganization.

Feedlot Man Named At WT

An Amarillo veterinarian has been named to coordinate a new feedlot management course at West Texas State University. It was announced over the weekend.

Dr. James E. Cook, who has practiced veterinary medicine in Amarillo since 1958, will work with nutritionists and other livestock health specialists in the program. (See FEEDLOT Page 10)

CISD To Run Joint Office

Several members of the joint city-school tax study committee reversed their positions Tuesday night as the committee voted unanimously to recommend that the School Board manage a joint tax office.

Dr. W. J. Wooten, a lay member of the study committee, City Commissioners Jim Christopher and H. R. Fulton took an about-face in the vote. Wooten had previously advocated that the City of Canyon be responsible for the managing of a joint tax office, a plan which the City Commission and the School Board have accepted tentatively.

The study committee was charged last week with recommending a manager for a joint

office. Currently both the School Board and the City Commission run separate offices.

"I believe that both agencies would be most capable of handling a combined office," Wooten said. "And I believe since the school district does represent everyone in the city and county who are within those limits, then I move the combined office be run by the Canyon Independent School District."

J. I. "Jim" Fletcher seconded the motion.

Discussion had been brought up at last week's City Commission meeting and also at a recent school board meeting concerning the managing agency.

Both groups agreed that they would abide by whatever recommendation the tax study committee might make.

Fulton and Christopher, at an earlier tax study meeting, had indicated they wanted the city to manage the joint tax office.

In a vote at the last study meeting, the members had been split on who should run the office. Fulton, Christopher and (See CISD Page 10)

Successor Appointed

Retirement For WTSU Dean

An era will end at West Texas State University July 1 with the retirement of Ruth Cross, dean of women and former head of the department of physical education for women.

Prospective retirement of Miss Cross was announced this week by WTSU President James P. Cornette.

Dean Cross joined the faculty of WTSU in 1927 as an instructor

in physical education after having taught five years in the public schools at Wichita, Kan., her home town.

Miss Cross was born in Wichita. Her father was a railroad man having worked for the Santa Fe's Oklahoma System.

"Railroad people seem to be a clan," Miss Cross reminisced Tuesday about her father. "No one ever seems to quit the railroad."

Dean Cross, who will be 70 years old Sept. 10, received a bachelor of arts degree from the University of Wichita. Earlier she had received a degree from the American College of Physical Culture in Chicago. She received a master of arts degree from Columbia University in 1932.

Miss Cross was made head of the WTSU women's physical education department in 1929. She became dean of women in 1949.

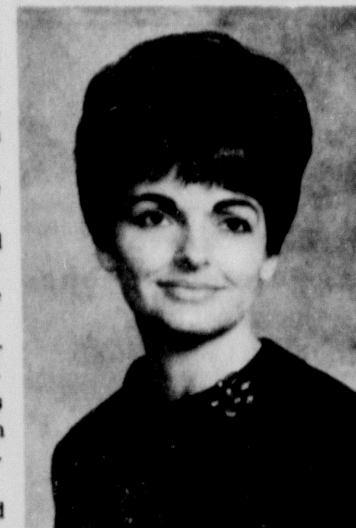

She has been active at the state and national levels in various organizations concerned with health and physical education and in counseling of college women.

Miss Cross says one of her primary aims as dean of women has been to help girls make their living together in halls a part of learning experience.

"There is much to be learned about living together in a residence. (See CROSS Page 10)"

DEAN RUTH CROSS

MRS. BILLIE JEAN MOORE

Appointment of Mrs. Billie Jean Moore of Fort Worth as associate dean of student life for women at West Texas State University was announced today (Thursday) by President James P. Cornette.

Mrs. Moore, 41, succeeds Miss Ruth Cross, 69, who retires as dean of women July 1. Miss Cross, formerly head of the department of physical education for women, ends a 42-year career with the university on that date.

For the past year Mrs. Moore has been south campus registrar for the Tarrant County Junior College District. Previously she was registrar and student personnel officer at Clarendon Junior College for four years.

A native of Clarendon, Mrs. Moore was graduated by Clarendon High School in 1945 and received an associate of arts degree from Clarendon Junior College two years later.

Mrs. Moore interrupted her formal education to become a mother. Fifteen years after the birth of her first child, Terry, now 19, she received a bachelor of science degree in secondary teacher education at West Texas State. Three years later, 1967, she completed work toward a master of arts degree at West Texas State.

In a brief time, Mrs. Moore, also the mother of a daughter, Teresa, 14, has distinguished herself in her profession. She was listed in the 1968 edition of "Who's Who in Texas Today" and in the 1968-69 edition of "Personalities of the South."

Mrs. Moore is chairman of the registrar's section of the Texas Junior College Teachers Association and a past matron of the Order of Eastern Star. She also is a member of the American Association of College Registrars and Admissions Officers Committee on Enrollment Studies.

No Liquor For Canyon City Club

Proposal for a private club at which alcoholic beverages would have been available was voted down by members of Canyon City Club by an overwhelming margin Monday night.

The vote was 47 to 13 on the issue.

A reported 70 persons attended the meeting. Some 60 voting members were present.

The vote on the proposal came after a spirited telephone campaign among the membership.

The membership also voted for the club to assume the name of Canyon Country Club although it will remain chartered as Canyon City Club.

Decision was made to sell lots to members and give clear title.

Legislators To Appear At WTSU

State Sen. Ronald Bridges of Corpus Christi and Rep. Dean Cobb of Pampa, will speak at 2 p.m. Friday on the West Texas State University campus sponsored by Phi Alpha Theta, honorary history fraternity.

Edgar Sneed, fraternity sponsor, said the two legislators will speak to students and interested public on current bills and problems facing the legislature in Austin.

The speeches will be in the student union building ballroom. The speeches will follow a luncheon in Amarillo for the two.

WTS Vote Is Halted

General elections at West Texas State University were halted due to a technical mistake Tuesday and then were the subject of Student Court action because they were halted.

Student Association President Harold Scroggins said the campus elections were cancelled about 11:30 a.m. Tuesday because the name of a cheerleader candidate was omitted inadvertently from the graduate student ballot.

He said because the ballots were to be counted by computer, the omission would foul the computer program. He said, too, the voting was stopped because the candidate might contest the election.

The elections were resumed Wednesday with all votes cast in Tuesday's balloting thrown out, he said.

But, Miss Kelly McWhirter, a write-in candidate for Student Association vice president, protested the closing of Tuesday's election. (See VOTE Page 10)

FROM THE CANYON RIM

The Canyon High School All-Sports banquet last Friday night was the best I've ever attended. Coach B.B. Kendrick is a top-notch master of ceremonies and Coach Clark Mires ought to be on television. Between these two coaches the 300 people who attended the banquet were kept laughing for almost three hours.

I liked the format of this year's banquet. We didn't have a speaker. Considering the number of athletic endeavors in high school now, there is little time for a speaker at an all-sports banquet.

By the time participants in all the school's sports have been introduced and the outstanding ones honored, there is no time for a speech.

Coach Mires' fame as a master of ceremonies is growing. He already has an engagement with the Canyon High School Band for its banquet.

A rumor is floating around that Simmie Hill has been signed by the Los Angeles Stars for \$400,000.

I talked to Tom Drew, publicity man for the Stars, Tuesday night. Tom said he hasn't heard anything about such a signing.

A few days back I heard

that the figure was \$150,000. I talked to Simmie and all he would say was that it is "a lot more than that."

If it turns out that the rumor is false, forget it. If it turns out to be true, tell everybody you read it in this column first.

The Randall County Criminal District Attorney's office needs some more clerical help.

Mrs. Betsy Pollock, who is a legal secretary, spends more than half her time some days answering the telephone. One day last week the telephone in the DA's office rang 79 times.

Consequently the paperwork suffered. Mrs. Pollock's most important task in the office is paperwork and tolerance for error is nil.

A mistake on her part could thwart prosecution or free criminals. There really ought to be some less skilled person in the office to answer at least the routine phone calls.

Wednesday was Bob Schneider Day at Canyon Lions Club. Bob was a guest of the club at its regular meeting.

His Canyon High School girls won the state basketball tournament this year.

Dear Troy:

Your Sunday editorial on Warren Hasse hit the target. Such public recognition for this fine gentleman and supporter of West Texas University is long overdue. We need many more like him.

If the university does not already do so, I share your belief that the institution should honor annually some individual who has performed outstanding services to the university during the preceding year. I do not believe in buying friendships but in my brief time here I have met many persons who qualify for recognition.

And before we go too far afield in passing out honors, let me say thank you for your generous cooperation on behalf of the university.

Our World

BY ANN BROWN

The strongest plank in the Republican platform was the promise to do away with the Democrats' shameful dole system, and return to the American way of work for everybody.

But that was last fall. Now that the Republicans are in power, it's a different story.

Five million tax dollars have already been earmarked for a pilot program in "cooperative research" in giving away money. A total of \$9.7 million will be devoted to exploring the concept of a guaranteed income for all Americans--whether or

not they work. What an incentive to strive!

The favored plan seems to be a negative income tax. Everyone will file a tax return. If he has made less than the minimum amount (something between \$3,000 and \$7,000 is the suggested figure), he will receive a check for the difference from the government (even if he is an unemployed thief). If he has made more than the stipulated amount, the government will take it away from him.

Under this plan, all the lazy, chiseling, dishonest loafers can get a free ride on the backs of the honest, hard-working, respectable citizens. This is not the philosophy that made America great. Furthermore, it is contrary to all the laws of God and Nature. No nation could possibly survive under such a plan.

The goal, says our new administration, is equality for all Americans. Hasn't that been the communists' theme song for 50 years? Why should we fight communism in southeast Asia, and knuckle down to it in America? At least the communists insist on equal work for everyone as well as equal income. The demands for equality in America do not pertain to work.

Government officials say our biggest problem is inflation, so the money must be taxed out of the hands of the people who earn it. In the very next breath they say the only cure for the problems of poor Americans is more money in their pockets. Just why are the indigents more capable of handling money than the people who earn it?

Three million dollars worth of food is to be distributed to mothers and infants in the nation's capital. This is in addition to the cash and other handouts they are already receiving.

Senator Jacob K. Javits, R-N. Y., was "appalled" as he walked through a garbage

strewn alley beside the house of a mother and her 11 malnourished, flea-infested children (no father). The poor woman is only getting \$406.00 a month from the taxpayers. (That is more than the beginning salary of Texas school teachers for the most demanding work in the world.)

The mother said she could not do anything about the fleas on her children because she had "no way" to take them to the clinic.

For heaven's sake! Even a monkey knows how to rid her offspring of fleas.

Why do 12 unemployed people have to live among garbage? Apparently the taxpayers are supposed to feed, clothe, and house the indigent, and also clean up their garbage.

It has been reported that in Harlem there is a woman with a 55 I. Q. (on welfare, of course) who has 17 children (no husband). All of the children old enough to get out on the streets have acquired police records.

Would anyone like to hazard a

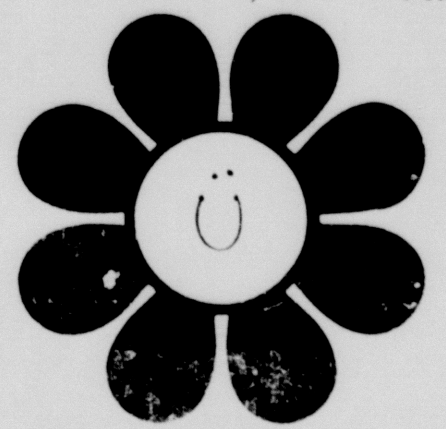

guess how much those 17 children and their progeny will damage this nation--not to mention the cost in money?

Relative to the new giveaway program, Sen. Javits says, "We're going to stick with it until we have a permanent solution." Apparently, he knows more than Jesus Christ who said, "The poor you have with you always."

Someone should acquaint the New York Senator with the facts of life: It will be impossible for us to get the people out of the slums until we get the slums out of the people.

Jeanne Dixon is supposed to have prophesied that Nixon would win the election, but that it would be the death of the Republican party. Unless they keep their campaign promises to substitute work for welfare; return to law, order, and decency in the nation; fight our battles to win; and give the oppressed taxpayers some relief, it may not be just the death of the Republican party, but of America.

Bride-Elect Is Honored

Miss Kay Kuykendall, bride-elect of Al Reeves of Fort Worth, was honored with a miscellaneous bridal shower Saturday evening in the home of Mrs. Wm. B. Davis, Canyon.

Receiving guests were Mrs. Davis, Miss Kuykendall, Mrs. Conway Kuykendall, mother of the bride-elect, and Mrs. Troy Reeves of Fort Worth, mother of the prospective bridegroom.

Guests were registered at the bride's book by Miss Shelley Davis and Mrs. Kenneth Brannum.

A pink satin cloth with floor-length skirt of white net and ribbon covered the tea table which had a cut glass punch

bowl, crystal cups and plates and silver serving forks. The centerpiece of pink carnations and white daisies were arranged in a cut glass bowl on a gold stand.

Assisting at the serving table were Mrs. George Tirey and Miss Becky Rahlfs of Happy and Mrs. Wayne Cooley and Miss Sharon Ruthart of Canyon. Pink fruit punch, individual white cakes decorated with pink roses and nuts were served.

Co-hostesses for the occasion were Mrs. Glenn Dowlen, Mrs. Kenneth Duncan, Mrs. Crews Henry, Mrs. Crawford Ruthart, Mrs. Riley Troth and Mrs. No-Ion Henson, all of Canyon; Mrs. Hobart McManigal, Mrs. O. H. Rahlfs, Mrs. A. C. Miller, Mrs. R. S. Francy and Mrs. Eugene Sims, all of Happy.

Recently Miss Kuykendall flew to Fort Worth where she was honored with a bridal shower at the home of Mrs. A. B. Truitt, 1974 Terbert Lane, where 22 teachers, from the elementary school where the bridegroom's mother teaches, were guests.

USC Installs Officers Next

Mrs. Wm. B. Davis, retiring president, will conduct the installation ceremonies.

Lake Tanglewood News

BY GAY HENDRIX

Some 520 people packed themselves into the Lake Tanglewood clubhouse for Supphen's Bar-B-Q and a short business meeting Thursday.

There was some mention of the fishing tournament and splash day activities which are being held primarily to draw public to the lake to admire the setup and hopefully, buy some lots, however, this weekend should also be a fun time for Lake Tanglewood members.

Dick Van Dyke will be the master of ceremonies, and many of our neighbors are working hard to make this weekend a success.

Joe Wait, an industrial engineer at Pantex and night school student working on his masters in business at WTSU, has become a sailing enthusiast over the last five years. He is now commodore of the Amarillo Yacht Club and will conduct two races on Sunday afternoon. Members frequently enjoy watching his fancy sailing boat and forth around the clubhouse in his olympic racing boat.

Joe's family, Sandy, Kevin and Heather, enjoy boating occasionally, but Joe is usually in charge of the sail while the others ride. John Whinery is presently the only other Lake Tanglewood Club member who belongs to the Yacht Club.

Joe knows there are at least a dozen other sail boats at the lake and is very eager to have club members join in the very informal races. They're just for fun! No fancy rules or regulations here! Just show up at 2:30 for the skippers' meeting at the clubhouse and then join in the fun at 3:00. The trophies are fancy, all compliments of the Bank of the Southwest.

Five Lake Tanglewood fishermen are polishing up on the spot before judging Saturday's tournament. Boyd Hinton was proclaimed State Bass Champion Sunday at the State tournament at Lake Sam Rayburn.

Boyd is proud to be the first person from the Panhandle to win this event, and now displays a very large trophy. He won over 87 other contestants in the individual division by hauling in 42 pounds of fish.

Boyd gives full credit to his water wagon, which he insists can improve his catch as much as 90%. Don Bagot is fishing in Sweetwater, and Bill Decker, Bob McBrayer and John Dozier are spending three days at the Arlie Barnett ranch in Logan, New Mexico. These men will be out at 4:30 a.m. Saturday to register contestants and from those entering the adult division, they will collect an "entrance fee"—a piece of fishing equipment (any kind) to be given

away to a needy group of boys or girls so that they will be able to learn to fish. They will also patrol the lake, check for trespassers, and weigh in the fish. The trophies will be given out Sunday.

Billy Sims of the Aqua Club and his teenagers, Billy Bob, Vicky Lynn and Diana Rae, will demonstrate scuba diving equipment and what fun swimmers can have with it, in the clubhouse pool, Sunday.

Tully Currie is social chairman for his WTSU fraternity, Sigma Nu, which kept him and Jeri busy last week through the annual White Rose events.

Thursday night Tully hosted a party on Tulligan's Island—somehow forty fellows and a bonfire found enough room to party on that little island, and only two fellows fell in the lake.

Friday evening 150 students, parents and alumni splashed in the clubhouse pool, devoured two cows (the meat from two steers was donated especially for the event by the alumni) and danced. A luau theme was carried out with numerous palm trees and fish nets.

Dorothy and Jim Fletcher and J'Melle Potts, fiancée of Gary Fletcher, a Sigma Nu who is currently in Vietnam, dropped by to see friends and tape record messages from the fraternity brothers to send to Gary.

They got a large tape made and enjoyed the party so much they stayed all evening. Somehow the kids found the energy to continue partying Saturday evening at a formal dinner at the Amarillo Country Club. Doug Chauveaux Chairman of White Rose, and Tully are to be congratulated for making last weekend a great one for the Sigma Nu's.

Jim and Betty Thomas moved into their new lake home (next to the Wayne Elliotts) as full-time residents last week. Jim is a tax agent for Phillips Petroleum and Betty is bookkeeper and secretary for Thompson-King Insurance Agency. Their daughter, Pam, 18, graduates from Tascosa this spring and is planning to attend Texas Tech next fall. Son Jay is 7.

Jim likes the golf and swimming best, and fishes a little; Betty likes water skiing; and the kids like everything.

But Jim says that the real reason for moving down here is for the pleasant, restful community life.

No one has to tell club members about the smashing success of those Sunday buffets at the clubhouse. And that's the main trouble with them too—just too successful and too much pressure on the Tinkhams.

There will be no more buffets until next fall, but, Dick Tinkham promises other special luncheons now and again this summer. In the meantime the club is serving their regular menu on Sunday.

HD Bazaar Set May 10

A bazaar featuring handwork by home demonstration clubwomen for Randall County will be held Saturday, May 10, at the Jess Ford showrooms in downtown Canyon.

Handwork of all types will be on exhibit as well as for sale. Baked items will also be on sale at the bazaar which opens at 10 a.m.

The ten HD clubs of the council will participate. Co-chairmen are Mrs. O. O. Henry and Mrs. Paul Glover.

HD Council Has Session

Randall County home demonstration council met Monday afternoon at the Farm Bureau Building with about 25 present.

Mrs. H. H. Widick, council chairman, presided at the meeting which was hosted by Lakeview Home Demonstration Club.

Mrs. James Hester opened the meeting with "food for thought", a collection of poems.

Regular club and committee reports were given and the May Day luncheon and exhibit of the council were discussed during the meeting.

Mrs. Jim Irlbeck was named council secretary for the remainder of the year.

Miss Sluder Is Honored

Miss Dianna Sluder, bride-elect of Leon Gheer, was the honoree at a miscellaneous bridal shower Monday evening in the home of Mrs. D. A. Brown.

The bride-elect's chosen colors of orchid and white were used on the table which was centered with an orchid floral arrangement.

Receiving guests were Mrs.

Brown, Miss Sluder, Mrs. Tom Sluder of Olton, mother of the bride-elect, and Mrs. Gheer of Missouri, mother of the prospective bridegroom.

Assisting Mrs. Brown with hostess duties were Mesdames Randy Buttrill, Claire Dooley, Scott Downing, Allen Etter, Delpha Gard, J. A. Hoover and Jack Parsons.

dent hall," said Dean Cross. She said she has tried with a great deal of success to teach girls in resident halls to live together and to a large extent run their own affairs.

Representatives and house officers represent the various resident halls for this purpose, she said. The girls make many decisions for themselves as to how the halls will be operated and what rules of conduct will be observed, she declared.

"They are doing a job I couldn't do," she related.

"When girls will take that kind of responsibility and are accountable to their own group, then you have some people of stature."

"I wonder if I would have had the nerve to have done that when I was their age?" she asked herself.

Dean Cross said there hasn't been much change in kids as a whole since she took over as dean of women some 20 years ago.

"There's just more vocalization about behavior patterns," she declared.

Miss Cross scoffs at the idea that there is more moral laxity among students today than 20 years ago.

"We are bound to have some immoral people," she said. "But as a general trend we do not have an immoral campus here at West Texas State. The trend is not that way."

Miss Cross said integration of the dormitories has brought the need for some adjustments but has had no great impact.

"We have some very fine young Negro women," she declared.

She noted that an assistant director of one of the resident halls is a Negro. She was recommended by other students on the campus.

"Our students are not so emotionally involved as students on some other campuses," she observed.

Dean Cross is active in community affairs and says she expects these to keep her busy after retirement.

She has a keen interest in Neblett Memorial Hospital which she serves as a foundation director. She also is on the board of the Panhandle Heritage Foundation.

Of the highlights of her career she said: "They seem to blend into satisfaction."

Growth of the campus: "It developed smoothly. . . not erratic. We've been fortunate to have some fine men as presidents of the university."

Of the Canyon community: "I think you would not find people in too many communities as small as ours working so well together."

Dr. Cornette had high words of praise for Dean Cross in announcing her retirement. He hailed her as a leader in the struggle "to maintain academic status in the over-all program of education for women."

ganization of area programs. Agency and organization contributions to area programs was discussed by John E. Hutchinson. Hutchinson is associate dean of the college of agriculture and director of the Texas Agricultural Extension Service, College Station.

Ed Garnett talked on PEP in retrospect. He is area farm management specialist with TAES. J. W. Buchanan, Dumas, manager of the North Plains Water District, gave the standing rules committee report.

Areas of emphasis and possible task forces and program implementation were also discussed.

Election of officers was slated for Wednesday afternoon but came too late for this edition of The News. Making the nominating committee's report was J. Pat Malone, vice president of Amarillo First National Bank.

day's election. John Green, a WTSU student, acted as Miss McWhirter's attorney and requested a writ of mandamus before the Student Court Tuesday afternoon.

Green contended that cancelling the election was unconstitutional because no provision for holding a student election on any day except the day specified for that election was listed in the student constitution.

He said Miss McWhirter's chances as a write-in candidate would be hampered by postponing the election.

A majority opinion from the court read by Chief Justice Dwayne Nichols, stated that the writ was denied on the basis that in a section of the constitution it is implied that the Student Association president has the right to cancel the election on such grounds.

Wooten had voted for the city and J. O. Parker, Wesley Cox and Bill Davis had voted that the school board run the joint office.

Cox and Parker are school board members.

But, after a short period of discussion Tuesday night, Fulton and Christopher apparently decided to change their vote.

"I'm still of the opinion that a governmental agency should do it," Fulton said during the discussion before the vote.

Wooten said he feels "if this committee voted to recommend the city handle this, the school board might balk under these conditions."

He said, "feeling as I do that either group could do a real fine job, this prompted me to make this motion."

Christopher stressed that his main concern is that "the job is done and done properly."

"I think the school could do it," he said. "If the thing is set up properly, I can't see how it would hurt us (the city)."

It was stressed again by several other members that the school district includes not only the city but a large part of the county.

The committee, following passage of the recommendation for manager, voted to recommend that a contract to finalize a merger be drawn up "as soon as possible."

The members of the committee also reached a consensus that a well-qualified tax assessor-appraiser be hired for the joint office.

office frequency. If we get everybody on one frequency it would be too crowded."

"We'd need some study," said Stiff. "I'm not an electronics man."

"I'm not an electronics man either," quipped Johnston. "But I can tell when the time is all used up."

Johnston was also skeptical of a central records system. He pointed out that such a central system could cause delay in officers getting information on suspects rather than speeding it up.

He pointed out that he already is able to get national and state records extremely fast and that he feels that he is able to get local records from his own dispatcher more quickly than he could get them from a central office in Amarillo.

Johnston also complained that the PRCC group made statements about comparative pay of officers without going into working time and qualifications of officers involved.

Johnston then questioned Stiff about money which might be obtained under the Omnibus Crime Control Act for equipment.

"What will they tell you next year if you quit?" asked the sheriff. "They may tell us what we can use our equipment for. I don't like people telling me how to use my equipment."

Stiff reiterated that there would be no strings attached to funds obtained under the 1968 act.

In other business the court authorized Woody Ponds, juvenile officer, to attend a school for juvenile officers at Andrews.

The court also authorized advertising for bids for supplies for the tax assessor-collector's office.

Feedlot...

(Continued from Page 1)

The management course has been created in response to the rapid growth of feedlots in the Amarillo trade area, according to Dr. Charles Smallwood, head of the agriculture department at WTSU.

He said the course will be offered to junior and senior students.

The Randall County Feedlot will be the cooperating agency for the course.

With the information given in the new course, students will go into Agriculture 499, a course of supervised feedlot problems studied on the job, Smallwood said.

He said the course of study will lay a sound foundation for the student to enter graduate school in animal science or, after an internship, move into management positions in various lots.

A similar petition was presented during the fall to the commission by a group of Canyon businessmen who say prohibiting parking on 4th Avenue from 22nd to 24th Streets and on the full length of 23rd Street will hamper their businesses.

The commission voted last week to prohibit the parking and to request the installation of painted medians and left turn protectors.

WT Ag Banquet Is Friday

Awards and special recognition to outstanding individuals will highlight the banquet, said Dr. Charles Smallwood, head of the Agriculture Department.

Three senior awards, presented by area agriculture businesses, will be made to exemplify seniors in the fields of agriculture business, animal science and plant science. Elbert Hart, executive secretary of the Grain Sorghum Producers Association of Lubbock, will award the agriculture business

citation, while A. M. Warren of Warren Hereford Ranch of Canyon, will handle the animal science honor. A representative of Consumer's Co-op will recognize the outstanding senior in plant science.

Dr. James Cornette, university president, will announce the names of this year's two outstanding livestock producers receiving national honorary Block & Bridle memberships.

The WTSU agriculture instructor considered by the students to be the outstanding teacher this year will be recognized as will the instructor outside the department who has equaled this honor.

The final round of the local Royal Queen Beauty Contest, determining WTSU's candidate to the October national contest held in Kansas City, will be judged at the banquet. Four finalists will compete for the honor in formal gowns. The winner here will vie for the national title with entrants from 18 universities in the Midwest.

A western dance held in the Crystal Ballroom will follow the banquet.

Local Women Visit Price

Two local women, Mrs. James Lamb and Mrs. Willys Lamb, recently participated in a National Farmers Union sponsored ladies fly-in to Washington, D. C. for the purpose of talking with members of Congress to present views important to agriculture.

Over 150 women from the states of Minnesota, Pennsylvania, South Dakota and Texas participated in group visits to the offices of every Congressman and Senator on Capitol Hill, according to Mrs. Lamb.

The women urged support for the school milk bill and food stamp program, for restrictions on corporate farming to

evade taxes, for the extension of the elementary and secondary education act, for help with tight money high interest rate situation, for support for a young farmers investment act, better bargaining act for farmers and other bills.

During the four days in Washington D. Mrs. Gordon Foster, vice president, was in charge of the business session which was concluded with a program by Jim Freeman of the Texas Department of Highway Patrol.

Freeman said that a new law will soon be in effect that all persons will be required to take a written test when renewing their drivers license. He also stressed the importance of drivers education in the public schools and showed picture slides from the Department of Public Safety which emphasized the importance of obeying all traffic laws on the roads and highways when driving a motor vehicle.

Gordon Knox Presents Art Exhibition

The Department of Art at West Texas State University extends an invitation to the public to view an exhibition of paintings by Gordon Knox in the Lounge of the Fine Arts Building.

The reception is to be held from 2 to 5 p.m. Sunday and the two week showing will be open week-days from 2 to 4 p.m.

Gordon studied art along with his regular curriculum while

attending high school. During his sophomore year, he was asked to paint murals on the chapel windows of his church. Later he designed the cover for the school's annual and created the artist's conception of the school's mascot and awards letters.

In 1957, he entered Amarillo Junior College where he continued his studies in art. While there, he designed the of-

ficial seal for the Panhandle Science Fair Council for 1958.

He is currently studying art at WTSU and will receive his BS degree in August. He plans to pursue a course of study leading to obtaining a masters degree in commercial illustration and design.

Gordon is an active member of Kappa Pi and belongs to the Amarillo Fine Arts Association.
